 - Nine-hole Leaderboard with points for finishing positions in each 9-hole competition with the best “X number” of players on the Leaderboard contest a club final or going into a draw for two players.
 - Every time a Member plays 9-holes their name goes onto a spreadsheet and at the end of the qualifying period based on the number of times played, that many tickets go into the club draw.
 - A dedicated GolfRSA Race to the R&A 9 Hole Challenge 9-hole competition with a set number of qualifying events during the club qualifying period with an Order of Merit and a Grand Finale.

Note: These are just some examples of responses to the research conducted that included a mix of qualification processes with a range of entry fees and local club event prizes that ultimately result in two players proceeding to the Regional Final stage and the Lucky Draw for a place to compete at the National Final.

6. It is the responsibility of the Golf Club to **complete the Club Qualifier Winners Form** with the names and contact details of **their two winners and return it to the Project Managers by Wednesday 3rd April 2024**. This is to ensure their two winners are included in the Regional Final stage and the Lucky draw that will take place in mid-April with the specific date/s to be announced.
7. Two players are eligible to qualify for the Regional Final stage from each registered Golf Club.
8. Winners from the Club Qualifiers will only be officially registered for the Regional Final stage and entered into the Regional Lucky draw once it has been confirmed that all financial dues are up to date and affiliation fees have been paid.

4 Regional Final Stage

1. The Regional Final stage will comprise a **Lucky Draw format** into which all winners from the Clubs will be entered in each of the fourteen Regions.
2. The reasons for the structure of the Regional Final stage format as a Lucky Draw include:
 - i. The geography of South Africa and distances to travel to “golf-playing” Regional Finals in many regions.
 - ii. Costs and logistics and timing of running “golf-playing” Regional Finals in 14 Unions.
3. Regional Final stage events will be held as follows:
 - iii. There will be a **Regional Final stage Lucky Draw held in each of the 14 Golf Unions** specifically for the Winners from the registered Golf Clubs in each respective Union.
 - iv. At each Regional Final stage Lucky draw there will be a **minimum of one National Final place** available per Region as long as there are sufficient players to warrant a Regional Final stage draw.
 - v. A minimum of 16 Players need to be entered into a Regional Final stage Lucky draw to trigger the available National Final place.
 - vi. Any number of Players entered into the Regional Final stage Lucky Draw may also be eligible for the other fantastic prizes made available by a number of companies who are supporting the competition and amateur club golf in general.
 - vii. The Lucky Draws will be conducted on a reverse draw basis with the last name out being the ultimate winner. If there are two National Final places then the 2nd last name drawn will also win.
4. Regional Final winners will win places at the National Final.
 - i. The number of National Final places available at each Regional Final stage Lucky Draw is based on ratios. For example, if there are 400 winners from the Golf Club around the country in the 14 Regional Final stage Lucky Draws in total, and Region “X” has 40 Qualifying Players in that draw then 10% of the places at the National Final will be available at that Regional Final.

- ii. The Promoters reserve the right to retain up to four National Final reserve places that may be used for incentives in cases where, for example, there has been a significant growth in the number of 9-hole rounds played versus previous years.

5 National Final

1. The National Final format is an Individual Stableford competition with a 95% allowance of Course Handicap.
2. The National Final winners will be the two golfers with the highest Individual Stableford point's total over the designated number of competitive 9-hole rounds.
3. If for any reason – such as adverse weather conditions (e.g. bad light) - interfering with the completion of the event itself or any playoff, the winners will be decided by:
 - The leaders after 18 holes; or
 - If there is no play in round 2 or all players are not able to complete a minimum of 18 holes, then the leaders after round 1 will be declared the winners.

5.1 National Final General Notes:

1. The players attending the **GolfRSA Race to the R&A 9 Hole Challenge National Final** will receive an all-expenses paid trip including reasonable travel outside a designated distance from the venue, accommodation on a bed & breakfast bases, catering of primary meals and golfing costs excluding caddies or carts.
2. There may be further prizes according to the Leaderboard.
3. It is up to the discretion of the Tournament Referee to determine the suitability – or otherwise – for play to be halted or for the total cessation of play.
4. The Tournament Director or other Officials may over-ride any of these rules if the environment or situation at the time requires him or her to do so.
5. If a count out is required for any reason, it will be according to Strokes 1 to 9 inclusive.
